## **2012 SAME Small Business Advocate Award Winner**

Congratulations to Alice O'Neal on her selection as the recipient of the 2012 SAME Small Business Advocate Award for the Air Force! The Advocate Award is presented to an individual who is employed in the small business or contracting office of the Air Force who has demonstrated outstanding support to DOD planning, design, construction and environmental programs and who effectively communicates with small and large businesses to foster relationships and mentoring of small businesses.

Alice O'Neal is the Small Business Specialist at the 45th Space Wing Small Business Office at Patrick Air Force Base, FL; where she provides business advice and performs all pre and post award functions, using a wide range of contracting methods and types to procure complex and/or diversified commodities, services, constructions, and research and development. She is also a great supporter of the Space Coast Post.

The award will be presented during the 2012 SAME Small Business Conference, which will be held at the Gaylord Texan Resort & Convention Center in Grapevine, Texas, December 10-12, 2012.

## **SAME Camper Update**

SAME offers a very unique series of engineering camps designed for High School students who excel in math, science and technical courses and are interested in pursuing engineering in college.

As some of you may recall, our October 2012 Guest Speaker was Steve Wagner. The Post has sponsored Steve as a Camp Counselor at the SAME Navy Seabees Construction Camp in Port Hueneme for several years. In addition, the Post has also sponsored many high school student campers. In 2010, the Post made it possible for Ty Spence to attend the Navy Seabees camp. I was able to catch up with Ty (via his mom) and get an update of how he is doing. Here are a few words Mrs. Spence wanted me to share with the Post.

*The SAME camp had an enormous impact on Tyler. Ty had mentioned to me when he was in either the 8<sup>th</sup> or 9<sup>th</sup> grade that he would like to do something in the military. My response was "after college." When I told my husband his comment he started thinking, why not meld the two and seek an appointment to a service academy. When we found the SAME Construction and Engineering Camp and Tyler was sponsored by your post to attend, we were thrilled.*

*Attending the SAME camp sealed his desire to attend the Air Force Academy. We are forever grateful to the Space Coast Post and their efforts to encourage young men and women to follow their path.*

*Tyler worked hard towards his goal and received an appointment to the Air Force Academy from Senator Bill Nelson. The first year is tough going, but I think he has the right attitude to get through the first year and succeed as a cadet. His major is Electrical Engineering and so far, he is doing quite well. They keep him busy with school, military training, intramural sports and clubs.*

*Again, we would like to thank the SAME Space Coast Post for sponsoring Tyler and hope that you continue to support the SAME Construction and Engineering campers.*

*Sincerely,*

*Jessica Spence, Mother of Cadet 4<sup>th</sup> Class Tyler J. Spence  
U.S. Air Force Academy*

Steve Wagner and Bob Van Vonderen
