

The Canaveral Council of Technical Societies

Presents

Facilitating the Energy Resilience Discussion

Thursday, October 26, 2017

**Hosted by the Space Coast Campus of
Embry Riddle Aeronautical University**

4450 W. Eau Gallie Blvd., Suite 195, Melbourne, FL 32934

Networking starts at 6:00 pm.

Presentation and Discussion start at 6:30 pm.

Featuring Robin Kiepert, CEM, Resource Efficiency Manager,
45th Civil Engineering Squadron, Patrick Air Force Base

This presentation will help those who contract with Federal Government agencies determine what questions about resiliency they should be asking. Energy Resiliency and Security will become the next level of Mandated Energy Programming.

This presentation will discuss some Department of Defense energy security threats, policy drivers, benefits and possible funding streams. Plus, ways to create your own resiliency plan for your business lines will be discussed.

Take this opportunity to learn about energy and resilience,
as well as network with local technical professionals.

This event is offered for free and is open to the public.

Please RSVP by Tuesday, October 24, by e-mailing

John Constantinide at chair@cctsonline.org.
