**Subject: 2026 SAME Scholarship Program (Submittal Deadline is May 8, 2026)**

Dear Prospective Applicant:

The Space Coast Post of the Society of American Military Engineers (SAME) is extremely pleased to announce our expanded scholarship program.

Our SAME scholarship program enables us to offer up to four \$2,500 first-year scholarship grants for Brevard County High School Seniors entering a four-year accredited college pursuing a degree in infrastructure/facilities-based architecture, construction-related engineering or construction management at an accredited college of Architecture, Engineering, or Construction Management.

Additionally, when a student is selected, they are eligible to be enrolled in a scholarship continuation program with the SAME Space Coast Post. The continuation program currently offers up to \$1,000 in additional scholarship funding per awardee for the three years following the initial award. Application for the continuation is required each year, and selection will be based on continuing the pursuit of a bachelor's degree as described and SAME Post or Student Chapter participation. This unique opportunity makes this SAME scholarship a valuable benefit with a potential award of \$5,500 to selected students.

Conferring selections will be based on academic performance, community service, and needs based. Please see the SAME application for details.

The Society is a non-profit professional Engineer Association dedicated to military engineering. It was founded in 1920 to engage military and federal government engineers with those in private life for the purpose of improving the engineering potential of the United States. Today, the Society has nearly 30,000 members from Industry, Military and Government Organizations, and Academia.

I encourage you to pass the attached application to qualified students. Applications are also available on our local SAME Space Coast Post website at [www.SAMESpaceCoast.org](http://www.SAMESpaceCoast.org).

Questions concerning the scholarship program may be directed to the following email address:

Sincerely,

John Jones  
President, Space Coast Post

**The SAME Space Coast Post is pleased to offer an expanded scholarship program to graduating high school senior students interested in pursuing a bachelor's degree in Architecture, construction-related Engineering or Construction Management.**

## 2026 SAME Scholarship Grants

The Space Coast Post of the Society of American Military Engineers (SAME) will award multiple First-Year Scholarship Grants, for academic achievement in the amount of \$2,500.00 each, to top-ranked graduating high school senior students.

All applicants must meet the eligibility requirements, submit a completed application by May 8, 2026, and provide a letter of acceptance to an accredited college of Architecture, Engineering or Construction Management prior to the anticipated awards program on Thursday, May 21, 2026.

### ELIGIBILITY:

Applicant must:

- 1) be a Florida resident;
- 2) be resident of Brevard County, Florida or have a parent that is a member in good standing within the SAME Space Coast Post (member in good standing implies that dues are paid in full as of January 1, 2026);
- 3) be a graduating high school student attending a public, preparatory, or parochial school in Brevard County, Florida or be a documented home-schooled high school graduate. (Home schooled documentation must show registration through a covering Private School or registration with the Brevard Public School system);
- 4) rank within the upper 20% of his/her high school class;
- 5) plan to pursue a baccalaureate degree in infrastructure/facilities-based Architecture, Engineering or Construction Management (e.g., Architectural design, power Distribution, HVAC, Civil/Site design, building envelopes, Smart buildings);
- 6) provide references and other indications of character and leadership; and
- 7) provide a letter of acceptance to an accredited college of Architect, Engineering, or Construction Management.
- 8) Submit a one-page essay, doubled space, 12 point font, which describes your interest in pursuing Engineering or related Construction Field.

### SELECTION PROCEDURES:

The recipient will be chosen on the basis of:

- (1) high school grades (with emphasis on engineering, math, and physical science courses) and unweighted grade point average;
- (2) test results (SAT, CEER, ACT, others);
- (3) recommendations by their principal, advisor, and/or instructor; and
- (4) references and other indications of character and leadership.

The scholarship grant will be awarded directly to the student's college scholarship fund.

The Scholarship Selection Committee will be composed of representatives from the SAME Space Coast Post membership. The decision of the Committee is Final.
